

**Floor Strippers**

**(F039) REMOVE 5litre**

A traditional alkaline-based floor stripper to remove even aged on polish film. Effective on both metallised and non-metallised floor polishes. Ideal to strip emulsion polish from linoleum, thermoplastic floors, rubber, sealed wood and terrazzo

**(F039Q) Zipstrip 5litre**

Zipstrip is a clear, water-based stripper to remove metallised and non-metallised floor polishes from PVC, thermoplastic, linoleum, rubber, sealed cork, sealed wood, marble and terrazzo. The caustic-free formula reduces the risk of ongoing polish problems and the *rinse free* formulation reduces preparation time.

**(F065) Carefree Speed Stripper**

For the removal of all types of emulsion floor polishes. No scrubbing or rinsing required, halving effort and time. Can be used on all floors except wood and linoleum.

**Floor Polishes**

**(F049) Diamond - 5litre**

A high quality acrylic polymer-based metallised floor polish, which dries to a high level deep gloss (Drybright), with excellent slip resistance. Suitable for use on non-porous floors, including; vinyl, rubber, linoleum, thermoplastic, asphalt, sealed wood, sealed cork, marble and terrazzo.

**(F053) Diamond Extra - 5litre**

Diamond Extra is a modern polish, which offers gloss, ultimate durability, and the perfect base to clean, protect and prolong the life of a floor. Suitable for use on non-porous floors, including; vinyl, rubber, linoleum, thermoplastic, asphalt, sealed wood, sealed cork, marble and terrazzo.

**(F094) Carefree Eternum Polish 5litre**

Eternum's triple-polymer technology provides the hardest, most durable, most scratch and dirt resistant polish film available, with a clear, diamond like gloss finish to satisfy the highest standards. Eternum can reduce maintenance time by up to 50%. Use a clean mop or polish applicator to apply. Use neat

**(F093) Carefree Satin Polish 5litre**

Provides superior resistance to scuffs and marks. Reduces maintenance by up to 50%. Use on floors where a long lasting *natural* finish is required.

**(F052) Stoneglo 5litre**

Enhances the appearance and prolongs the life of marble and terrazzo floors. Non-yellowing cross linked polymer film. Does not discolour even the lightest floor. Produces a deep shine with excellent slip resistance. Responds brilliantly to all spray burnishing techniques.

**(F051) Selwax 5litre**

For sealing natural wood and cork floors. Cleans and protects in a single operation bringing out the natural beauty of wood. Selwax should never be used on top of metallised polish, nor should it ever be used as a base for metallised polishes.

**(F088) Carefree Mop & Shine 5litre**

Carefree Mop & Shine is a floor polish and maintainer all-in-one bottle. It is suitable for small customers who do not have access to sophisticated floor machinery or customers who have limited time to care for their floors and want increased convenience. It can be used neat as a polish to protect the floor and/or diluted as a cleaner shiner to daily maintain the floor.

**Floor Seals**

**(F057) Selseal 5 litre**

Selseal is a water based preseal for all linoleum, P.V.C., rubber, terrazzo and thermoplastic floors. Ensures maximum results from costly floor dressings. Non-yellowing polymer film. Does not discolour even the lightest floor. Penetrates and seals porous floors, provides an ideal base for emulsion polish application. Resistant to polish strippers.

**(F055) Clear Varnish 5litre**

Clear Varnish is a solvent based varnish for sealing interior hardwood floors. Clear Varnish has a high polyurethane content for superior toughness and protection. Easy to apply and gives a long lasting high gloss.

**(F056) Colour floor seal (floor paint) 5litre**

A solvent-based, high quality floor paint, which is based on tough polymers that cross link to form a continuous finish on the floor. Available in Grey or Red. Ideal for use on concrete, stone, wood, cork and steel structures

**Floor Maintainers**

**(F042) RENEW TD 5litre**

RENEW TD is a fragrant, low viscosity, opaque, rose coloured liquid floor maintainer. RENEW TD recoats and repairs floors to leave a flexible slip resistant finish, keeping floors at the peak of their appearance and restoring those that are losing their shine.

**(F090) Carefree Maintainer 5litre**

A versatile maintainer cleans floors faster and maintains the gloss longer and is effective for damp mopping, spray cleaning, bonnet buffing and machine scrubbing. Dilute: 1:60 to leave a fresh clean fragrance.

**(F089) Carefree Gloss Restorer 5litre**

Effectively builds the gloss on all floor types whether polished or unpolished as it cleans. Increases the life and durability of emulsion polishes. Spray then buff to a shine with a rotary floor machine fitted with a tan or red pad. Suitable for all machine speeds.

**(F163) P.D.Q. 5litre**

PDQ is a solvent-free polymeric wax floor maintainer and general cleaner. A fragrant, opaque yellow liquid to remove soiling and scuff marks from the floor and leave a slip-resistant shine. Suitable for use on vinyl, thermoplastic, linoleum, rubber, asphalt, terrazzo, marble, sealed and unsealed wood, painted surfaces, plastics, laminates & stone. This product has to be burnished.

**(F041) Impact Citrus Floor Gel 5litre**

A concentrated low foam hard surface cleaner, re-odouriser and maintainer for regular use. Suitable for use on all flooring and surfaces including: linoleum, thermoplastic floors, sealed cork, terrazzo, sealed wood, vinyl and concrete.

**(F048) Clover Gel Contract 5litre**

Clover Gel is a viscous green liquid gel that maintains and re-odourises. Clover Gel contains natural pine oils to leave a lingering pine freshness. Suitable for use on all flooring and surfaces including; linoleum, thermoplastic floors, sealed cork, terrazzo, sealed wood, vinyl and concrete.

**(F047) Stonebrite 5litre**

Completely neutral. Will not attack or discolour marble and terrazzo floors. Contains Glycol Ether solvent for rapid grease and dirt removal. Moderate foam, will not block suction driers, no rinsing required. Effective neutral cleaner for all surfaces, not just marble and terrazzo.

**Floor Pads**

All of our floor pads are from 3M and using new technologies and new manufacturing processes the 3M range of floor pads is unparalleled in its efficiency and reliability.

Operation \ Speed	Medium Speed	High Speed
Stripping	● Black	
Scrubbing	● Blue ● Green	
Spray Cleaning	● Red ● Blue	
Polishing	● Tan	○ White

Scotch-Brite BLACK pad – The Industry benchmark against which all other stripping pads are compared. 3M pads maintain consistent high performance throughout their life

Scotch-Brite GREEN pad – The industry standard way of scrubbing a heavily soiled floor.

Scotch-Brite BLUE pad – A more open and resilient pad construction to reduce clogging which extends the time before rinsing. Ideal for heavy duty cleaning as it also removes marks efficiently

Scotch-Brite RED pad – The most efficient pad to remove marks and buff to a high a gloss on protected floors.

Scotch-Brite TAN pad – Traditional pad for softer floor finishes at standard speeds.

Scotch-Brite WHITE pad – The ideal pad for metalised floor finishes at higher and higher speeds, to give a rich, deep shine.

- (F012) 13" floor pad (5)
- (F013) 14" floor pad (5)
- (F014) 15" floor pad (5)
- (F015) 16" floor pad (5)
- (F016) 17" floor pad (5)
- (F155) 21" floor pad (5)

**Floor care Accessories**

**FLOOR SQUEEGEES**

- (F004) Wooden floor squeegee 18"
- (F005) Wooden floor squeegee 24"
- (F007) Wooden floor squeegee 36"
- (B019) Handle for above

Available in 3 sizes, hard rubber blade floor squeegee. Fits handle B019.

- (F003) Aluminium floor squeegee 22"

Light but strong chrome plated metal squeegee with double 100% mouse soft rubber blade. Fits handles B018 or B043

- (HY015) Plastic Floor Squeegee 600mm
- (HY016) Plastic Floor Squeegee 400mm

The plastic squeegees form part of the Hygiene range of equipment and are designed to be very robust and to resist corrosion and rotting. Available in blue or red.

- (HY011) Premium Hygiene Handle 1360mm

**SCRAPERS**

- (F001) Floor Scraper with handle
- (F002) Replacement blades (each)

Wooden handled floor scraper that has an overall length of 53 inches long. Each blade is 8" wide.

- (W169) Hand held scraper

Hand held scraper, with a firm 2" blade ideal for a variety of tasks. It has a comfortable soft rubber grip handle.

**FLOOR EDGING TOOLS**

- (F070) Hand Held pad holder

Hand held edging pad holder, measuring 230mm x 95mm, made from tough plastic and holds either white or black edging pads, M029PAD. Will also hold normal green scouring pads.

- (F071) Pad holder to fit handle
- (M029HAN) Interchange Handle

The handle pad holder fits the Interchange system handle and has a full all round swivel socket.

- (M029PAD) Edging pad (Black) (ea)
- (M029PADR) Edging pad (RED) (ea)
- (M029PADW) Edging pad (White) (ea)

Available in black, which is very abrasive, Red which is medium abrasion and white which is low abrasive grade.

**FLOOR SEAL APPLIERS**

- (S001) Floor Seal Applicator Head
- (S002) Floor Seal Applicator Sleeve (each)
- (S001T) Floor Seal Applicator Tray

The floor seal applicators are ideal for applying polyurethane seals and wax polish to floors.

**FLOOR SAFETY SIGNS**

- (S010) Safety sign 'Cleaning in Progress'
- (S011) Safety sign 'Caution – Wet Floor'
- (S012) Safety sign 'Out Of Order'

Bright yellow plastic floor sign can be read from 30 feet away. Two-sided, 25" high sign is ideal for doorways and narrow spaces.

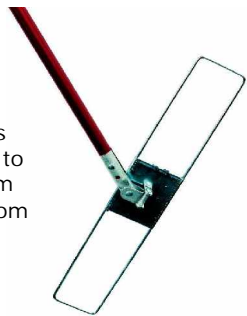

**DUST CONTROL**

Dust control is the most important part of floor cleaning – hard floors must be swept before mopping, scrubbing or polishing.

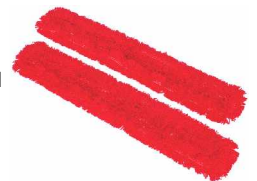

- (D017) Dust Control breakframe 16"
- (D018) Dust Control breakframe 24"
- (D019) Dust Control breakframe 32"

The frame for the dust control system have the 'break' type system, which allows heads to be changed in seconds without the need to touch soiled heads. The dust control system can be more faster and efficient then a broom due partly to the swivel head which allows complete manoeuvrability.

- (D020) Dust Control heads 16"
- (D021) Dust Control heads 24"
- (D022) Dust Control heads 32"

The synthetic sleeves for the dust control system are available in 3 sizes and are completely launderable.

- (D023) 'V' Sweeper Frame
- (D024) Pair of sleeves for V-Sweeper

The 'V' Sweeper is for large areas and long corridors

- (D050) Eco Mop Starter Kit  
(Includes 1 Eco Mop and 1 roll of heads)
- (D050R) Eco Mop replacement heads (100)

When the Eco-Mop is in use the fibres build up a static electrical charge. Dust, dirt and bacteria are attracted into the fibres. It has proven to be a very popular control system due the ease of use and ease of disposal.
