## INSECTICIDE TRIGGER SPRAY

Insecticide is effective against moths, their eggs, larva and pupae, carpet beetles and other carpet damaging insects.

Unlike other products, Insecticide works to penetrate the larvae and eggs as well as the insect shells and outers. It starts working immediately, destroying the insects and releasing essential plant oils which provide a sustained repellent effect and protection from infestation by insects for up to 1 year. Insecticide contains fibre care agents that dry rapidly and is for use on carpets, rugs, upholstery and soft furnishings.

### PRECAUTIONS FOR USE

Test for colour fastness first. Use only for pest control as stated in the directions. Harmful: may cause lung damage if swallowed. If swallowed, seek medical advice immediately and show this container or label. Do not induce vomiting. Observe common sense precautions when handling chemicals. Do not breathe spray. Avoid contact with skin. Wear suitable gloves and eye/face protection. In case of contact with eyes, rinse immediately with plenty of water. After use rinse hands thoroughly. Keep out of reach of children. Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment. Safety data sheet available for professional user on request.

### DIRECTIONS

Ready to use. Shake bottle well. Spray Insecticide over a section of the carpet and brush into the fibres. Repeat, treating one area at a time until the whole carpet is covered. It is recommended to spray the back of the carpet or rug if possible. Treat all carpets and rugs containing wool throughout the whole house. Do not over-apply. Insecticide will treat approximately 12 to 25m<sup>2</sup>. Over-application of this product may cause carpet/upholstery to shrink. Children and domestic animals must be kept out of the treated area until it is dry.

### CLASSIFICATION

Contains petroleum distillates, 2-(2-Butoxyethoxy) ethyl-6-propylpiperonyl ether and natural pyrethrum.

FOR PROFESSIONAL USE ONLY

Size: 500ml  
Product Code: 0074
