

# GermiSan

## Ready to Use Fast Bug Killing Cleaner & Sanitiser

GermiSan is an odourless, neutral cleaner and sanitiser that is ideal for daily disinfection of hard surfaces in one process.

### USES

Use GermiSan on a regular basis for cleaning and disinfecting work surfaces, equipment, floors, walls and vehicles.

Suitable for a kitchens, bakeries, meat preparation, leisure, hotels, healthcare, restaurants and offices.

Passes EN 1276 & EN 14476. Kills 99.999% of bacteria and 99.99% of enveloped viruses in dirty conditions.

Contact Time: 60 Seconds

### DIRECTIONS

Spray onto the surface, wait for 60 seconds contact time, agitate if required and wipe dry with a clean cloth or paper towel\*.

For heavily ingrained dirt, especially very greasy surfaces, we recommend cleaning first with a heavy-duty cleaner/ degreaser.

\* For food contact surfaces, rinse thoroughly with clean water.
