Lasts Longer

Built for the long-haul with a 2-Year Commercial Warranty and a motor designed and tested beyond industry standard.

Built Smarter

Made from a minimum of 45% recycled plastic, including all accessories.

Compact & Convenient

Equipped with a long cleaning reach, on-board tool storage and stores neatly away.

Handy Cable Replacement

A unique system for quick and easy changing of cable, if damaged during use.

A Tool for Every Job

Tackle hard-to-reach areas with the precision cleaning kit.

45%

Recycled Plastic Content

45% represents the minimum use of recycled plastic in the ReFlo Vacuum range, including kits and accessories.

Sustainably Made and Built to Last

We engineer many of our products from the highest quality recycled plastic using our innovative, environmentally sustainable ReFlo Technology.

ReFlo Technology uses high-quality recycled, post-industrial material from the automotive industry, which are diverted from landfill or incineration.
